Well-known and respected as an opinion magazine dealing with contemporary issues in higher learning, the award-winning **Change** spotlights trends, provides new insights, and analyzes the implications of educational programs. Articles cover influential institutions and individuals, new teaching methods, curriculum, finances, governance, and public policy.

Change is published six times a year with editorial leadership provided by the American Association for Higher Education. Editorial content includes special departments, regular columnists, a wide-ranging book review section, and in-depth analytical features on current issues in higher education.
